A MODERN APPROACH TO REAL WORLD LOGISTICS

- Domestic USA / Canada and Across Borders
- Oversize Loads / Heavy Haul
- 24/7 Operations
- GPS Tracking
- Prompt Quoting and Responses
- Up to date with current permit and routing legislation
- Access to thousands of drivers with all equipment types
- Customizable and adaptable equipment

With our existing heavy haul customer database, we service all market sectors such as construction, agricultural and mining throughout North America. We have partnered with select carriers and crane operators who we consult with on a daily basis to present the best possible solution at a fair market rate. Whether you need a permitted flatbed, or a scheuerle multi-wheel transporter (capable of handling freight up to 800 tons) RPM Expedite has the right team for the job.

Every state and province has different laws and legislations that must be followed. Keeping on top of this endless changing list of regulations is why it takes a group of specialists like the RPM Expedite Heavy Haul team to move your oversize shipments effectively.

RPM ensures white glove service on all oversize shipments. We provide solutions to the challenges presented when hauling over dimensional freight. We take pride in our quality assurance and offer 24/7 service so that any questions/concerns will be addressed immediately.
